As an entity that relies heavily on student fees and sponsorships, our station is very limited in the amount of funds we have to spend. We wholeheartedly believe the terms of the agreement negotiated by College Broadcasters, Inc. and SoundExchange will prove beneficial for our student-learning lab and represents the best interest of college broadcast entities as a whole. WZMB believes that the settlement between CBI and SoundExchange is reasonable and should be adopted.

Many thanks,

YaLanda Davis
